* Each group receives 1 point for each state into which their Article V application resolution is introduced; 1 point in each chamber if it passes all committees (2 pts for unicameral NE); 1 point in each chamber when it passes on the floor (2 pts - NE); and 1 point when the application completes final vote. Thus, a total of 6 points can be earned in each state. The completion goal is 204 points (34 states passed x 6 pts./state). If an application dies during or at the end of a non-carryover legislative session, then points generated for that cycle are not counted. **NOTE:** DNP = voted down, tabled, withdrawn, died on calendar, not reached, or otherwise did not progress. Underscored states carry legislation over to 2016. "#" denotes active group which did not respond to contact efforts so scoring is based on available public information and may have some inaccuracies.
